<b>Describe/explain deviations from planned activity (timing, number of participants, content of activity, etc.)</b>	<b>The PhD student was enrolled in a timely manner and able to begin his course work, including a 1-week PhD course in Copenhagen. Detailed plans for the project have been developed. Due to regulatory restrictions, Foods and Drugs Board in Accra has not yet approved the study drugs and patient enrolment has thus been delayed for 2-3 months. The structure for enrolment of PhD students for double degree (UG and UC) has not been in place and thus the student has only registered at UG and had to pay for the PhD course at UC.</b>	
<b>Main lessons learned (list 3-5 issues)</b>	<b>Unexpected regulatory requirements despite clearance in institutional review board Rules for double PhD degrees should be finalized in Danish Universities</b>	

<sup>1</sup> Must be filled and submitted to Platform Secretariat (and other designated staff as outlined in agreement to the assignment) no later than 2 weeks upon completion of activity.

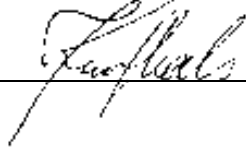

<sup>2</sup> All responsible parties must sign Activity Completion Report before submission.

<sup>3</sup> If actual expenses (per budget line) deviate from original budget, this must be thoroughly explained and approval from Platform Secretariat attached to the Activity Completion Report.

<sup>4</sup> Use LFA (and/or Monitoring Matrix) as a point of departure, where relevant

Suggestions for follow up activities	Continuation of project is not threatened since the delay is expected to be short.
